KOSHER CERTIFICATION

This is to state that the following breads:

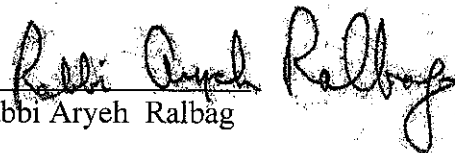

3602 CIABATTA BREAD

3608 CIABATTA BREAD (5x5)

Are certified -D.E. (produced on Dairy Equipment). There is no milk or dairy derivative used in the above named three breads, the machines are cleaned before the production and the conveyer belt is wiped down. If there would be a minute dairy particle on the machine from a previous dairy production the amount would be much less than 1/60 (on sixtieth) of the dough and would be nullified. Therefore this not considered milk-bread. Our intention is not to nullify the possible milk particle but the company does this for its own cleaning procedures and purposes. Never the less we do not write on the bread Pareve, so that the Kosher public should be stringent upon themselves. Therefore Orange Bakery is permitted to put the -D.E. symbol on the above mentioned breads.

In witness thereof, I herewith affix my signature and seal this 3rd day of the month of Adar , 5777 (March 1, 2017) in the city of New York. This certification is valid until March 2018 and is subject to renewal at that time.
